BE
HAPPY

A large, stylized yellow sun with a spiral center and radiating rays, positioned between the words 'BE' and 'HAPPY'.

September 2020

Dear Parents,

We are SO pleased to see all the children back in school. There is such a positive vibe in the school and lots of smiles!

You will have noticed, the school is oozing excellence! We are looking smart and safe with new signs and gates/fencing at the front of the school. We have a brand new library for the children to enjoy books and a new SEN hub called 'The Apex'. We are also working hard to create our outdoor classrooms including a new sensory path and a mud kitchen. We have had mulch put down under our living willow so that the children can enjoy using it all year long. Every classroom looks amazing and every teacher has created an inspiring learning environment in their own style.

*It is official, we are an Outstandingly Happy school!
We are one of the few schools in Suffolk to receive the 'Happiness' banner!*

Will Hussey (Author of the book 'Shine') completed a happiness project with the school and was super impressed we had continued this during Covid. This included our weekly assemblies, wellbeing Wednesday, Talk Tuesday amongst other things. This has been sustained for the last year and continues to get bigger and better.

This year will look different in lots of ways, for example staggered starts to the day, lunch in classrooms, mountains of hand sanitising and a one way system in the school. However, I can assure you that staff, as well as putting these safety measures first, have a stimulating, fun and challenging curriculum planned for the year that will ensure that children rapidly make good progress.

We looking forward to an exciting year. Remember, we value your comments and thoughts, do telephone myself or any of the team to speak to us and keep in touch.

Kind Regards,

Lisa Tweed
Headteacher
